- Full-Stack Developer

PROFILE

Hi, I am a third-year computer engineering student at KMUTT. My coding journey began in 2015, and I have been passionate about learning new technologies ever since. I am constantly looking for new challenges to improve my skills as a developer.

EXPERIENCE & PROJECTS

2022 — **Front-End Developer**
LUCKY CAT TECH SOLUTION
I work as a freelance Front-end developer with LUCKY CAT TECH SOLUTION.

2022 — **Unity Engine Workshop Speaker**
LUCKY CAT TECH SOLUTION
I work as a freelance Front-end developer with LUCKY CAT TECH SOLUTION.

2022 — **Full-Stack Developer**
Kin Rai Maa - Web application
Project in CPE327-Software Engineering : A web application for storing food intake data and recommending meals for each day.

2018 — **Game Developer**
Play Plern Learn Ground - Game
Play Plern Learn Ground, was an online multiplayer game for learning English. I used the Unity engine to develop the game play, and NodeJS with SocketIO to create an online multiplayer game server
